MS. HAIZZEE WAFa
ASSISTANT VICE PRESIDENT, YOUTH OUTREACH
TECHNOLOGY PARK MALAYSIA, BUKIT JALIL, 57000
KUALA LUMPUR

Dear Ms. Haizzee Wafa,

I am submitting the enclosed resume for internship programme at Astro for Product & Technology team. I am currently pursuing second year degree in information technology with specialism in Information System Security at Asia Pacific University Malaysia. I am aware that Astro is worldwide and recognized as one of leading company in Malaysia with various awards throughout the years and leading through innovation, which intrigued me to be interested to join the company. I have also research the Corporate Social Responsibility Project, the company is fully recognize the social impact to the community as the corporate entity, which is very important criteria to me when selecting a company. With your goals to be committed to the highest level of customer satisfaction and take lead in the market, I feel that my problem solving skills coupled with my technical skills will enable me to achieve your goals.

During my first two years in APU, I am active not only academically but also active with an organization. I joined Asia Pacific University Indonesian Student Society as head of data and statistic division, however at a certain event I constantly reallocated as an event organizer and event leader that taught me to be flexible to strive to learn something new. I learned to contribute group cohesiveness by conducting its task with courtesy that established with responsibility, loyalty, and integrity.

An internship with your company would provide me with the opportunity to apply the knowledge learned. As the resume attached, I believe that the skills. Together with knowledge and expertise, would make me an asset within your company. I am looking forward to meeting you for a personal interview. Thank you for your attention and consideration in this matter.

Sincerely,

Mustofa Ghaleb Amami
